## Who is this course for?

This course is suitable for you if you are either:

- An experienced manager who doesn't yet have formal management qualifications or
- You wish to develop or advance your management career.

You will be developing your practical skills and knowledge in supervision and management as you complete your Diploma of Leadership and Management. This practical program provides skills, knowledge and support so that you can make changes and have your team or department thriving.

### Here's what one of our students thinks...

"The course is excellent. Very practical management strategies. Every topic has new ideas to implement - Communication, project, leadership..."

All good for the way I am to communicate with my teams and workers"

Amjad Maaya

## Where can this course take you?

This qualification will help you gain employment as a supervisor, leader, or manager, in a wide range of industries.

If you are looking for recognition of your previous experience to be able to move into a new job or industry, having your Diploma of Leadership and Management will help you 'stand out' from the crowd.

You may have previous management experience and are now looking to land a new job or promotion, possibly in a different industry. Many employers are happy to teach you new technical skills if you are entering a new industry as long as you can show you already have the required valuable leadership skills. You will have many transferable skills which are highly valued by employers.

## Who is this course for?

Are you involved in managing complex projects?  
Or would you like to move into Project Management?

**This Diploma of Project Management is designed just for you.**

Whatever projects you are interested in managing, you can now gain your formal Project Management qualification based around that area of interest e.g. Healthcare, IT, HR, Event Management, Construction, Business Development, Government and many others. You will be developing practical project management skills and learning how to manage the overall project, bringing it in on time and under budget!

### Here's what one of our students thinks...

"I would definitely recommend this course. It has given me more education in my field. I believe I am better equipped now to take on larger projects."

Dean Small

## Where can this course take you?

Becoming a Professional Project Manager with formal project management qualifications is a MUST have to advance your career in Project Management. Completing your Diploma of Project Management will also give you project management letters after your name and practical project management skills and techniques that are recognised and valued Australia wide and internationally.

You will learn how to manage complex projects based on the international Project Management Body of Knowledge PMBOK – project, time, scope, cost, communication, procurement, risk... There will be so many opportunities open to you in project management within...

- Government projects
- Aged Care, NDIS, and Healthcare
- Banking and Finance, IT, and Events
- Civil and building construction
- Energy, resources and mining
