# Advance Your Career in **Civil Construction**

## **Our Civil Construction Qualifications**

Becoming qualified in Civil Construction is now considered a MUST have for a lucrative career in Civil Construction. The major companies now expect formal qualifications when looking to employ their supervisory, project management and senior staff.

The growing infrastructure projects in Australia, the 'One Belt One Road' China projects and the major oil and gas projects around the world, are creating an even greater demand for those with civil construction qualifications.

Our past students use their qualifications to work throughout Australia and on these major projects throughout the world.

GTI offers you practical and relevant formal qualifications that have been specially designed for you to advance your career in the civil construction industry.

**Rll40720 | Certificate IV in Civil Construction Management**

**BSB50820 | Diploma of Project Management**

**Rll50420 | Diploma of Civil Construction Management**

**BSB50420 | Diploma of Leadership and Management**

**Rll60620 | Advanced Diploma of Civil Construction Management**

**Please see below for more information on each course**

RII40720

# Certificate IV in Civil Construction (Supervision) + (Operations)

**STUDY ONLINE**

Supervisors, Foreman, Gangers and Leading Hands...

## Course Details

**Course Code:**  
RII40720

**Duration:**  
6-12 months  
(depending on  
experience)

**Delivery:**  
Online + Unlimited  
Phone Sessions

**Nationally  
Recognised:**  
Yes

## Who is this course for?

Have you been working as a Leading Hand, Supervisor or Foreman for years, and do not have your formal qualifications? This is the perfect opportunity to back your experience with your qualifications - Get the 'piece of paper' to prove you can do it!

Are you looking to develop your Supervisory career in your field of civil construction, civil infrastructure or civil works? This course is for you if you don't already have your Certificate IV in Civil Supervision.

### Here's what one of our students thinks...

"Excellent Course for supervisors and foreman. You get to better your knowledge around civil and being a supervisor/foreman.

This course has taught me to plan ahead to know where you're going and what you want to achieve. I also have more of a health and safety focus outlook.

The support processes for assessments were very helpful and precise.

Shannon Clelland

## Where can this course take you?

This qualification gets your skills formally recognised and proves to your employer that you have the knowledge and experience to get the job done.

This is the qualification that the major project HR and WHS people understand. They need to have people working on their sites who have these qualifications.

Most major Civil Companies and Councils now expect their Supervisors to hold these qualifications.

## Who is this course for?

Are you involved in managing complex projects?  
Or would you like to move into Project Management?  
**This Diploma of Project Management is designed just for you.**

Learn how to manage complex projects based on the international Project Management Body of Knowledge PMBOK – project, time, scope, cost, communication, procurement, risk...

Develop practical project management skills and learn how to manage the overall project, bringing it in on time and under budget!

### Here's what one of our students thinks...

"I would recommend this training to others as the support is great. The most significant impact I have had is being able to solidify my Project Management knowledge and expand my understanding in areas, such as various ways to approach programming for a project, rather than just relying on proprietary computer based programs."

Graham Bickerstaf

## Where can this course take you?

Becoming a Professional Project Manager with formal project management qualifications is a MUST have to advance your career in Project Management. Completing your Diploma of Project Management will also give you project management letters after your name and practical project management skills and techniques that are recognised and valued Australia wide and internationally.

# Diploma of Civil Construction Management

**STUDY ONLINE**

*This course is for...*

Supervisors, Foreman, Project Managers, Multiple Site Supervisors and Civil Construction Managers

## Course Details

**Course Code:**  
RII50420

**Duration:**  
6-12 months  
(depending on  
experience)

**Delivery:**  
Online + Unlimited  
Phone Sessions

**Nationally  
Recognised:**  
Yes

## Who is this course for?

If you would like to take the opportunity to get recognized for your experience as a project manager, supervisor, or foreman within Civil Construction.

Use this qualification to prove to employers you have the knowledge and experience to get the job done, and land that new job or promotion.

### Here's what one of our students thinks...

"GTI is flexible with its time and did all they could to ensure I had the support I needed to succeed. I have been actively employed in the civil industry for over 10 years straight now so most of the subjects were second hand to me. I did however enjoy learning about road design again as I hadn't done them for a few years."

Sam Clatworthy

## Where can this course take you?

This qualification is the visa entry requirement to work on the civil and oil and gas projects throughout the world. With infrastructure projects at an all time high and being pulled forward by governments, having your qualifications allows you to stand out from the crowd and gain a higher level position.

One of the greatest things with gaining your qualification is being formally recognised for the years of experience and knowledge you have. Although this qualification is not new, there have only been a privileged few who have gained the benefits of having the recognition they deserve by completing their Diploma of Civil Construction Management RII50420.

**Nationally  
Recognised:**  
Yes

## Who is this course for?

This course is very popular with Business Owners in Civil Construction, Managers, Engineers and those who manage multiple projects or are responsible for Creating the Systems – Environmental, Quality, Safety, Risk...

You will be working individually with your Trainer to create (or revise if you have already created) the following systems – Risk, Environmental, Quality, Safety, Civil Construction Plans. You can then have the choice between Estimating, Leadership and Management, or Directing Multiple Projects units to complete your qualification.

### Here's what one of our students thinks...

"I found the Business units of my Advanced Diploma of Civil Construction have the most significant impact on my life as well as helping me develop work skills. The RPL process was easy to use. I would recommend this training to others as it is very informative, especially for Project Managers."

James O'Brien

## Where can this course take you?

Becoming qualified with your Advanced Diploma of Civil Construction is highly valued within Civil Construction, Mining and Coal Seam Gas industries. It is also highly valued when applying for tenders, by large companies and Councils etc.

One of the greatest things with gaining your qualification is being formally recognised for the years of experience and knowledge you have. Although this qualification is not new, there have only been a privileged few who have gained the benefits of having the recognition they deserve by completing their Advanced Diploma of Civil Construction.
